CERTIFICATION PROGRAMME RISK MANAGEMENT IN BANKING

Dear Partner,

We are pleased to send you herewith the documents related to the reviewed edition of our **certification programme "Risk Management in Banking"** dedicated to risk managers, auditors and department managers of banks, other financial institutions and supervisory authorities. The seminar will take place **in Luxembourg from 5 to 16 March 2018**.

In our efforts to offer certifications of a level the same or equivalent to those offered at the House of Training in Luxembourg, we have completed the existing programme with courses on liquidity risk. This makes our new programme more comprehensive and challenging but also more valuable for those who will pass the final exam and get certified.

The courses will be delivered by various experienced trainers, all specialised in a particular type of risk. Such a programme can therefore not be exported to your own country. In this respect, in order to promote access to this unique learning opportunity, we have made sure that the financial support of the Luxembourg Ministry of Finance is kept at its highest level.

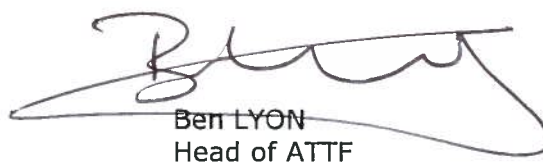

We rely on your support in promoting this exclusive certification programme, which will allow professionals from your financial sector to develop comprehensive skills in risk management, vital to protecting their institution.

Interested professionals are requested to send back their application form to your institution by 12 January 2018, so that you may forward all the applications to Mrs Hilda Lutgen (Project Manager, hilda.lutgen@houseoftraining.lu, tel. +352 26 86 73 605) **by 15 January 2018 at the latest**.

We thank you for your much appreciated cooperation and look forward to welcoming your country's delegates to Luxembourg.

Yours sincerely,

Hilda LUTGEN
Project Manager

Ben LYON
Head of ATTF
