

MULTINATIONAL ONLINE SEMINAR
Anti-Money Laundering & Counter-Terrorist Financing (AML& CTF)
Advanced Level & Preparation course to the
CAMS® certification Exam
ONLINE PROGRAMME - 19-23 FEBRUARY 2024

Dear Madam, Dear Sir,

"Money laundering is the process of making illegally gained proceeds (i.e. "dirty money") appear legal (i.e. "clean"). Typically, it involves three steps: placement, layering and integration. First, the illegitimate funds are furtively introduced into the legitimate financial system. Then, the money is moved around to create confusion, sometimes by wiring or transferring through numerous accounts. Finally, it is integrated into the financial system through additional transactions until the "dirty money" appears "clean." Money laundering can facilitate crimes such as drug trafficking and terrorism and can adversely impact the global economy." (United States Department of the Treasury - FinCen, 2016)

As a professional in Anti-Money Laundering or Compliance, it is your mission to safeguard your bank from the abuses of financial crime, including terrorist financing, money laundering and other illicit activity.

To help you achieve your mission and to give you the needed knowledge and tools to accomplish it in the most professional way, the Luxembourg Fund to Fight Drug Trafficking ("Fonds de lutte contre certaines formes de criminalité") decided to support the participation of **16 professionals from its partner countries** in the seminar **Anti-Money Laundering & Counter-Terrorist Financing (AML& CTF) Advanced Level & Preparation course to the CAMS® certification exam** which will be implemented by the House of Training – ATTF **from 19 to 23 February 2024**.
